## *Who I am*

Team player who wants to make a real difference in the world applying Software Engineering Skills to the big problems of our time (Climate Change). Passionate about helping others and figuring out feasible solutions. Looking for a junior position in a future-proof company.

## *Education*

- **42Wolfsburg** | February 2022 – today  
Study of Software-Engineering, C, C++
  - **Christian-Albrechts-Universität zu Kiel** | October 2017 – October 2021  
Bachelor of Arts Spanish, Politics, Economics. Final grade: 2.0
- 

## *Professional experience*

- **Teleperformance S.A.** | March 2021 – April 2022  
As part of the 1. Level Support Team for the online marketing tool “Display and Video 360” I gained experience in the world of IT-Support, troubleshooting and issue handling.
  - **Ministry of Education Schleswig-Holstein** | 2019, 2021, 2022  
Substitute teacher with several primary schools in Schleswig-Holstein.
- 

## *Further experiences*

- Participation in the course “Introduction to Data Science & Machine Learning“ by OpenCampus.sh as part of the “Machine Learning Degree“.
  - Participation in the Prototyping Week by Opencampus.sh 2022.
  - Erasmus in Lisbon in 2020
  - Erasmus in Murcia in 2018
  - Study abroad in Dublin 2015
- 

## *Programming languages and IDEs*

C | C++ | Bash | SQL | VSCode | Git | R | RStudio

---

## *Languages*

**Deutsch** – native | **English** – C2 | **Portuguese** – B2 | **Spanish** – B2
